Since laying out the Village Park in 1932 the department has grown to five units and the care and expense has steadily increased. After thirty years of service I feel unable to oversee this work as efficiently as in the past and I regretfully submit my resignation at this time. I thank all my friends for the help given and encouragement and especially Eugene Lorden for

his care of the triangle beside his home which he has attended faithfully and declined all offers of remuneration for his service. A memory plate has been placed on the cut-leaf maple in the park, dedicating it to Arthur W. Sides, the donor, with the thanks of the town's people.

Respectfully submitted,

RALPH T. BARNEY
Retiring Commissioner.

Canaan,

Board of Selectmen:

As I feel unable any longer to superintend the care of the village park and other units, which now number five locations will you please accept my resignation as commissioner before another season opens.

Respectfully yours,

Ralph T. Barney

Canaan Street Park
1961

The triangular park near the Town Hall has again been established as a lawn rather than a hayfield. Holes were filled with loam, fertilizer improved the quality of the grass and the appearance. Additional areas around the Town Hall and the Library were mowed this year, though they will need to be smoothed and fertilized before they will amount to much. The old sidewalk in front of and to the Library has been uncovered by the removal of grass and accumulated litter. The town owes

its thanks to many volunteers who have helped with the work.

We started 1961 with $38.42, received an appropriation of $100 and ended with a balance of $17.43, after spending a total of $120.99 for mowing, soil testing, fertilizer and loam.

Respectfully submitted,

ROLAND W. BURBANK

PREVENT UNWANTED FIRES

The following simple rules should be used as a guide by everyone:

1. Before burning, secure a permit from your local forest fire warden—the law requires it.

2. Be sure to properly surpervise your burning — don't leave it.

3. Make certain your fire, camp debris, is Dead Out before leaving it.

4. Lon't throw down lighted matches, cigars and cigarettes or from moving vehicles—make sure they are out — use your ash tray.

5. Don't burn at home—use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires — 0

Number of acres burned — 0

Number of permits issued — 239

At the time of writing of this report it would appear that a sizeable deficiency appropriation will be required to allow the School District to pay its just debts at the end of the school year. This has been caused in large part by the necessity of hiring another teacher for the High School. The new position was required to release your principal from all teaching duties and to relieve the excessive load on the other teachers. At the high school level six different class preparations daily make for poor teaching, and our State Department of Education will not approve schools which operate under such a schedule.

The loss of a good part of School Foundation Aid from the State has increased the burden on local tax payers. This was brought about largely by an increase in Canaan's equalized valuation, and an increase in the number of pupils in the state for whom a definite amount of funds had to be divided. A larger appropriation of funds at the State level would lead to an increased amount of aid to Districts which are in an unfavorable financial situation

A squeeze is on to find room in the school for all of the youngsters who must attend. It is expected that additional teaching stations will be required for the 1962-63 school year. By the time this has been printed we will have a good idea as to how the problem will be solved for years to come. We certainly hope that the hard work of many people on the cooperative school study will not be in vain, but the decision is one for the voters to make. Whatever it is, the problem for next year will still remain with us. There probably will be more pupils in high school. Because of the size of

this year's first grade it was necessary to have two sections, using Mrs. Dow as one teacher, and eliminating the remedial teaching which she has been doing. We anticipate the splitting of the first grade again next year. With all of the available rooms being used now, where will the extra class meet?

Canaan is fortunate to have good teachers who are interested in the pupils in their charge. The youngsters, like so many others, must realize their need for a good education. When they do, we can look forward with more hope for their future.

Respectfully submitted,

Edward H. Currier, Supt.
